

## Exclusive Design Package

Our exclusive design package includes a free installation of the Joomla Content Management System, a user-friendly way to manage your website content without having to know how to write code. While we specialize in Joomla, we can also design a basic HTML site that you can run using technology such as dreamweaver. The exclusive package is very popular with non-profits that want a strong web presence and small business web sites that want an e-commerce platform. Our shopping cart installation is perfect for anyone selling online goods or services and that currently use paypal or similar payment system.

Your new website will be developed by a professional design and content management team. During our free consultation period, you will be able to meet with the design team to explain your business, your style preference and your goals. This consultation is followed by written confirmation of project expectations.

During the design process you are presented with a variety of design templates, and you'll be able to choose the one that best fits your needs. You will have up to three opportunities to make revisions to your selected design prior to completion.

What it Includes

- Installation of latest version of Joomla CMS
  
- Custom website design
- Advice and consultation on laying out content on the Web
- Copywriting services
  
- Custom logo design
- Custom contact form
- Custom registration forms for events
- Custom e-commerce platform or online donation module suited to your business, non-profit or web project
- Flash graphics throughout your site
- Install and configure blogging application
- Install and configure paypal shopping cart or paypal donation module
- Configure cart to use PayPal or similar credit card processing software
- SEF enabled (search engine friendly urls)
- Install and configure photo gallery component, including manipulation of digital photos
- Install and configure sitemap
- Installation of video/music player technology

This package can include logo design and copywriting if needed. This is a package for customers who are interested in having a site with unlimited capabilities, or for customers who want a "turn key" site that's finished and ready to go out of the box. With the exclusive design package, we generally take care of all of the design and layout details while getting input from customers about the look and feel of their content.

### Design Time

The exclusive design package usually takes 40 - 80 hours of design time for us to complete, but can vary depending on the size and scope of your project.

### Complimentary Consultation

If you're interested in exploring a content management system for your organization, building a website or need any other marketing services, please drop us an email for a complimentary consultation at [info@tntcreative.com](mailto:info@tntcreative.com)
